

Reinforcement set

FB-VSL-KIT-KTE-AT SMA13

Item 46861

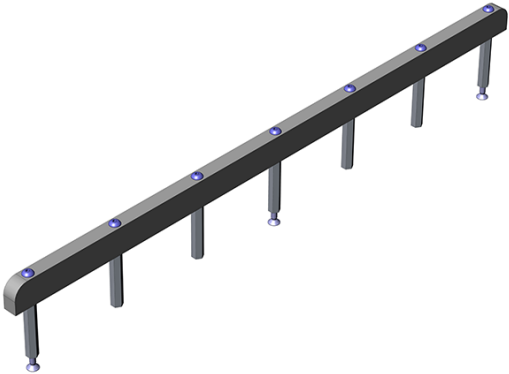

GO TO PRODUCT

- To be installed under the probe plate (KTP)
- Recommended for customisations with more than 300 test probes or a force greater than 500 N
- The scope of delivery includes one strip with fixing material in each case

Application

For reinforcing the probe plate (KTP) to prevent deflection due to high forces resulting from customisation.

General data

Product group:	Functional units
Series:	FB-AT SMAxx
Type:	Reinforcement bar for probe plate (KTP)
Version:	Set including installation accessories
Accessory type:	Additional function
Scope of delivery:	1 x reinforcement bar
Material:	1.0037, galvanised
Width:	10 mm [.393 in]
Height:	60 mm [2.36 in]
Weight:	0.9 kg [1.98 lbs]
Min. temperature:	10 °C [50 °F]
Max. temperature:	60 °C [140 °F]
RoHS-compliant:	Yes

Compatible with

Exchangeable kits version:	No RF
MA exchangeable kits (ATS MA):	ATS MA13

Technical data

Length:	440 mm [17.3 in]
Outer dimensionS (WxDxH):	10 x 440 x 60 mm [.393 x 17.3 x 2.36 in]

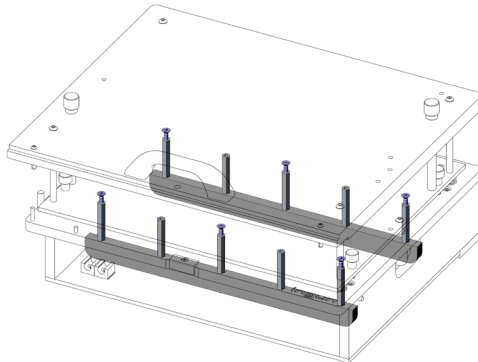

Reinforcement set **FB-VSL-KIT-KTE-ATSMA13**
